MEMORANDUM FOR:

[REDACTED]
TALENT Control Officer
CIA

25X1A

Subject: TALENT Billets

1. As you know, the Joint Staff is undergoing extensive reorganization and many of the newly created divisions and positions within these divisions have not been completely analyzed as to the need to know for TALENT information. During the next three to six months as activities and requirements become firm, it undoubtedly will become necessary from time to time to amend our authorized billet structure.

2. This situation will be particularly true in the new J-3, Directorate of Operations and J-5, Directorate of Plans.

3. It is hoped that after this transition period the authorized TALENT billet structure for the JCS will become stabilized so that only on rare occasions will certain individuals have to be brought in for special projects. I have attached a copy of the latest organizational chart of the JCS so that you will have available exact positions.
